Birth Chart Report

Welcome to the first step in a journey of Self-Discovery, looking at your own Vedic Astrology Birth Chart!

Vedic Astrology differs from Western Astrology, so if you have had your chart done in Western Astrology, it is possible that your planets may not be in the same signs as calculations are mathematically based on different coordinate views of the Zodiac.

AstroVed presents the South Indian style of chart. This "map" of your chart is presented below. The sign (rasi) that contains the abbreviation AS is your Ascendant (also called Lagna) and is considered your "first house." From the Ascendant, move around the chart in a clockwise direction to the next sign which is your "second house" and so on, for all 12 of your "houses."

As a starting point, explore what sign is your Ascendant, what sign your Sun is in, what sign your Moon is in.

The chart below shows all your planets, what sign they are in and what degree they are in within the sign. In addition, the chart shows another level of information as it has abbreviations for the star (Nakshatra) the planet is in and what quadrant (pada) within the star. For now, we suggest you make note of what star your Moon is in.

This will open up information about that particular Star (Nakshatra).

▼ Purva Phalguni (The Former Red One or A Fig Tree) (13°20' to 26°30' Leo)

Purva Phalguni consists of two bright stars in the night sky Zosma (*Delta Leonis*) and Chertan (*Theta Leonis*). These stars are in the constellation of Leo, positioned to the left of the bright star Regulus. Purva Phalguni is represented by the front legs of a bed, which signify rest, rejuvenation and pleasure. The ruling deity Bhaga, the God of delight, bestows affection and sexual passion. Venus, the planetary ruler of this nakshatra, brings an appreciation for relationships, beauty, and luxury. Purva Phalguni is the most theatrical and carefree of the nakshatras. Those born under this nakshatra desire recognition for their accomplishments, yet they must be cautious of laziness or pretentious behavior. This is truly a star of relaxation, recreation and sometimes vanity. Purva Phalguni gives the energy of renewal and contentment through the love of art

and creativity.

General Characteristics: Charming, pleasant, generous, polite speech, wandering nature, and luck in relationships.

Translation: "Former Reddish One" or "Little Fig Tree"

Symbol: Front legs of a Bed; Swinging Hammock

Animal Symbol: Female Rat

Presiding Deity: Bhaga; the God of good fortune and prosperity.

Controlling Planet: Venus

Ruling Deity of Venus: Lakshmi

Nature: Manushya (Human)

Mode: Balanced

Scroll down the Nakshatra to the Pada section. Look for the Pada that corresponds to the number under the Mo in the Sub User chart.

Each Nakshatra is divided into four quarters called padas that contain more specific characteristics of a person born during the pada of Purva Phalguni

padas:

First Pada	13°20' to 16°40' Leo Ruled by: Sun Soul Sound: Mo Keyword: Regal
Second Pada	16°40' to 20°00' Leo Ruled by: Mercury Soul Sound: Ta Keyword: Enterprising
Third Pada	20°00' to 23°20' Leo Ruled by: Venus Soul Sound: Tee Keyword: Refined
Fourth Pada	23°20' to 26°40' Ruled by: Mars Soul Sound: Too Keyword: Passionate

Strength: Creative, intelligent, dynamic, charismatic, charming, genuine, qualities of leadership, carefree, open minded, sweet speech, active, demands attention and recognition, mystical, aristocratic, refined, talented in the fine arts, youthful, energetic, excited, good in relationships, loyal, great spokesperson, sophisticated, physical healing.

Look at the **Keyword** for that Pada for that Nakshatra. This is an important quality for that Sub User, a gift this person can embrace in this lifetime and use in a positive way. Some people meditate on this word and reflect on what message it gives them.

	Keyword: Regular
Second Pada	16°40' to 20°00' Leo Ruled by: Mercury Soul Sound: Ta Keyword: Enterprising
	000000 000000

We've got lots more to share!

For now, you can add Sub Users for your family and friends, run their Birth Charts and look up the **Keyword** associated with the Star and Number underneath the Mo in their Birth Chart. Make sure to look up your own **Keyword**!
